

IdealMat™

Capture dirt and dust particles before entering the cleanroom

Description

ITW ALMA'S adhesive-coated contamination control mats capture particulates from foot-traffic and equipment wheels, providing the most effective dirt and dust removal method available in a mat.

Features

- Consistent adhesive coating on each layer
- Available in 30 and 60 layers
- Anti-microbial
- Customized and standard sizes available
- Clear film layers over color bottom film for color consistency through life of product

Benefits

- Significantly decreases dirt contamination in high-traffic areas
- Reduces the potential of spreading germs and bacteria
- Quick and easy to use
- Does not require cleaning
- Extends the life of floor surfaces and finishes

Applications

- Contamination control mat
- Protection against dust abrasion and bacterial growth
